

## **Dr. David A. Jarus**

**Vice President, Research and Development**

Dr. David A. Jarus is vice president, research and development, at PolyOne Corporation, the world's premier provider of specialty polymer materials, services and solutions.

In this role, he will have global responsibility for driving innovation and developing new solutions and applications across all markets by collaborating with PolyOne's technical teams, corporate marketing group, business units, and external technology resources and institutions.

Dr. Jarus joined PolyOne in 2000 as an advanced R&D scientist and has progressively earned increasing responsibility in leadership positions spanning PolyOne businesses and corporate R&D. He has served as PolyOne's M&A technology integration lead, program director of lean innovation, and global technology director for Specialty Engineered Materials.

Dr. Jarus has deep polymer technical knowledge, and holds a Bachelor of Science in Chemical Engineering, a Master of Science in Macromolecular Science, and a Ph.D. in Polymers, all from Case Western Reserve University. He also earned an MBA from John Carroll University and is a certified Lean Six Sigma black belt.

Dr. Jarus serves on the Board of Trustees for the Nature Center at Shaker Lakes.
