

## **Kurt Schuering**

**Vice President  
Global Key Account Management**

Kurt Schuering is vice president, global key account management, for PolyOne Corporation, the world's premier provider of specialty polymer materials, services and solutions.

Mr. Schuering joined PolyOne in 2007 and is responsible for leveraging our global reach and diverse portfolio of specialty color, engineered materials and performance solutions for our largest customers and our identified strategic original equipment manufacturers.

Prior to joining PolyOne, Mr. Schuering was employed at GE Plastics, serving as industry director, global product manager, commercial quality leader and general manager for the automotive business. He also held numerous market development, international development and business manager roles with Eastman Chemical Company and Ferro Corporation.

Upon graduating from the University of Kentucky with a bachelor's degree in mechanical engineering, Mr. Schuering was commissioned as a United States Army officer. He also is a certified Lean Six Sigma Black Belt.
