## AMBER (BCMR-3850)

Version Number 1.0 Revision Date 09/25/2001 Page 1 of 6 Print Date 11/1/2011

## 1. PRODUCT AND COMPANY IDENTIFICATION

#### POLYONE CORPORATION 33587 Walker Road, Avon Lake, OH 44012

NON-EMERGENCY TELEPHONE <b>Emergency telephone</b> number	:	Product Stewardship (770) 271-5902 CHEMTREC 1-800-424-9300 (24hrs for spill, leak, fire, exposure or accident).
Product name Product code Chemical Name CAS-No. Product Use	: : :	AMBER (BCMR-3850) CC10002022 Mixture Mixture Industrial Applications

### 2. COMPOSITION/INFORMATION ON INGREDIENTS

Components	CAS-No.	Weight %
Carbon black	1333-86-4	1 - 5

### **3. HAZARDS IDENTIFICATION**

#### **EMERGENCY OVERVIEW**

This mixture has not been evaluated as a whole. All ingredients are bound and potential for hazardous exposure as shipped is minimal. However, some fumes may be released upon heating or crosslinking and the end-user (fabricator) must take the necessary precautions (mechanical ventilation, respiratory protection, etc.) to protect his employee from exposure. See Sections 3 and 11 for special precautions.

### POTENTIAL HEALTH EFFECTS

<b>Routes of Exposure:</b>	: Inhalation, Ingestion, Skin contact
Acute exposure	
Inhalation Ingestion Eyes Skin	<ul> <li>Resin particles, like other inert materials, can be mechanically irritating.</li> <li>May be harmful if swallowed.</li> <li>Particulates, like other inert materials can be mechanically irritating.</li> <li>Experience shows no unusual dermatitis hazard from routine handling.</li> </ul>
Chronic exposure	: Refer to Section 11 for Toxicological Information.
Medical Conditions Aggravated by Exposure:	: None known.

MATERIAL SAFETY DATA SHEET

	4	. FIRST AID MEASURES
Inhalation	ov	ove to fresh air in case of accidental inhalation of fumes from erheating or combustion. When symptoms persist or in all cases of ubt seek medical advice.
Ingestion		o not induce vomiting without medical advice. When symptoms rsist or in all cases of doubt seek medical advice.
Eyes		nse immediately with plenty of water, also under the eyelids, for at 15 minutes. If eye irritation persists, seek medical attention.
Skin		ash off with soap and plenty of water. If skin irritation persists seek edical attention.
	5. F	IRE-FIGHTING MEASURES
Flash point	: No	ot applicable
Flammable Limits Upper explosion limit Lower explosion limit Autoignition temperature Suitable extinguishing media Special Fire Fighting Procedures	: No : No : Ca : Fu pro	ot applicable ot applicable ot relevant rbon dioxide blanket, water spray, dry powder, foam. Ilface self-contained breathing apparatus (SCBA) used in positive essure mode should be worn to prevent inhalation of airborne ntaminants.
Unusual Fire/Explosion Hazards	: No	ine
	. ACCI	DENTAL RELEASE MEASURES
Personal precautions		ear appropriate personal protection during cleanup, such as pervious gloves, boots and coveralls.
Environmental precautions		ould not be released into the environment. The product should not allowed to enter drains, water courses or the soil.
Methods for cleaning up	pla	ean up promptly by scoop or vacuum. Package all material in astic, cardboard or metal containers for disposal. Refer to Section 13 this MSDS for proper disposal methods.
	7.1	HANDLING AND STORAGE
Handling		ke measures to prevent the build up of electrostatic charge. Heat ly in areas with appropriate exhaust ventilation.
Storage	: Ke	ep containers dry and tightly closed to avoid moisture absorption

Hazardous decomposition products

: Carbon dioxide (CO2), carbon monoxide (CO), oxides of nitrogen (NOx), dense black smoke.

### 11. TOXICOLOGICAL INFORMATION

This mixture has not been evaluated as a whole for health effects. Exposure effects listed are based on existing health data for the individual components which comprise the mixture.

**Toxicity Overview** 

This product contains the following components which in their pure form have the following characteristics:

CAS-No.	Chemical Name	Effect	Target Organ
1333-86-4	Carbon black	Systemic effects	Eyes, Respiratory system, heart
			or circulatory system.

LC50 / LD50

This product contains the following components which in their pure form have the following toxicity data:

CAS-No.	Chemical Name	Route	Value	Species
1333-86-4	Carbon black	Oral LD50	>15,400 mg/kg	rat
		Dermal LD50	> 3 gm/kg	rabbit

Carcinogenicity:

This product contains the following components which in their pure form have the following carcinogenicity data:

CAS-No.	Chemical Name	OSHA	IARC	NTP
1333-86-4	Carbon black	no	2B	no

IARC Carcinogen Classifications:

1 - The component is carcinogenic to humans.

2A - The component is probably carcinogenic to humans.

2B - The component is possibly carcinogenic to humans.

NTP Carcinogen Classifications:

1 - The component is known to be a human carcinogen.

2 - The component is reasonably anticipated to be a human carcinogen.

#### Additional Health Hazard Information:

Carbon black 1333-86-4 Carcinogenicity: Many inhalation toxicologists believe that the tumor response observed in the referenced rat studies is species specific and does not correlate to human exposure. However, the IARC evaluation in Monograph Volume 65, issued in April 1996 concluded that, "There is sufficient evidence in experimental animals for the carcinogenicity of carbon black". Based on this evaluation, along with their evaluation of inadequate evidence of carcinogenicity in humans, IARC's overall evaluation is that "Carbon Black is possibly carcinogenic to humans (Group 2B). Carbon Black has not been listed as a carcinogen by the National Toxicology Program (NTP) or the Occupational Safety and Health Administration (OSHA). The National Institute of Occupational Safety and Health (NIOSH) criteria document on carbon black recommends that only carbon black with PAH (polynuclear aromatic hydrocarbon) levels greater than 0.1% be considered suspect carcinogens.
