CUTLERY MAKER

PREMIUM KITCHEN KNIVES

POLYONE SOLUTION

Gravi-Tech™ Density Modified Material

WHY POLYONE?

- Streamlined the design and molding phase, working directly with the manufacturer
- Enabled the customer to expand their product line, providing a dishwasher safe kitchen knife into the market

[**LEARN MORE**](#)

KEY REQUIREMENTS

- Replaced aluminum while providing the same premium weight and feel of a metal
- Withstand dishwashing without the discoloration issues of aluminum handles
